MOMENTS OF TRUTH

GROHE's experts announce the innovative quality of their work in so-called "Moments of Truth". These are the moments when the end-user becomes aware of the tangible benefits that the product offers, as well as the achievement

that it represents, for the very first time. At these times, all the efforts that have gone into research, development, production and refinement result in genuine delight and authentic satisfaction for the customer.

Dear customers,

We know your taste is personal, a style which is distinctly and uniquely you. At GROHE, we not only want to enable you to design a modern bathroom, but to enable you to create your own personal sanctuary within your home. Completing our extensive range of faucets, shower systems and accessories, we now also offer a carefully selected range of sanitary ceramics. We just call it "the perfect match" in design and function. With that holistic portfolio, GROHE is your perfect partner for full bathroom solutions.

If you prefer a modern style, our new Plus range of bathroom faucets may be just the perfect solution for you. With its cosmopolitan design, Plus is minimal yet highly inviting. In keeping with the concept of minimalism, these faucets have been reduced to only the necessary elements to achieve the slimmest possible appearance.

Equally, the slim, understated style of our SmartControl Concealed shower interface would also suit a minimalist bathroom design. The combination of a highly intuitive push button and volume control allows you to enjoy your personalised shower experience with any combination of spray modes and water volume from a single wall plate.

Our new SPA Colors range was developed to further customise your bathroom aesthetic to your personal style. Enjoy the freedom of choice between 10 beautiful color and finish combinations, covering a full range of products from faucets to accessories. All with the long-lasting surface quality you rightly expect from a GROHE solution.

At GROHE, we want you to create a room you love. We believe that the key to your satisfaction lies within a holistic range of products from one source. Therefore, GROHE offers your full-line supplier of complete bathroom solutions a comprehensive product range that supplement any style and any project – helping you to realize the very personal bathroom you have always dreamt of.

GROHE LINEARE

SENSUAL MINIMALISM

The cosmopolitan aesthetic of Lineare is minimal yet highly inviting. In keeping with the concept of minimalism, Lineare has been reduced to only the necessary elements to achieve the thinnest possible appearance. The line is based on a composition of two simple geometric structures – cylindrical bodies and thin rectangular forms of the handle and spout create beautiful harmonious compositions.

43 mm

Creating a beautiful area for bathing and showering can often be a challenge, since the space available is frequently very limited. The GROHE Rapido SmartBox System offers the luxury of extra space thanks to our super slim trimsets. One great advantage is the extra flexibility that comes with our system, allowing you to install the box now and decide on the final design and look later on.

SHOWER PLEASURE TO THE POWER OF THREE

CONTROL UP TO THREE SHOWERS WITH JUST ONE TRIM

Today's trend is for a multiple shower experience that offers more than simple bath/shower combinations. The downside is that for this to work, you need two rough-ins and two trims to control a hand shower and a two-spray head shower: up until now.

With just one rough-in and one trim, it is possible to enjoy two head shower functions. The pleasure of using two head shower sprays is enhanced by the Rainshower 360 and the new Rainshower 310 head showers. Designed to be the perfect match, they deliver an unmissable shower sensation.

SLIM IS THE NEW BEAUTIFUL

43 MM TOTAL OUTREACH

No matter what the installation depth of the rough-in is, the total height of the trim never exceeds 43 mm. The GROHE SmartControl Concealed combines space-saving convenience in the shower and slim good looks.

THINNER WALL PLATES

With a height of only 10 mm, its super slim design makes the GROHE SmartControl Concealed wall plate both elegant and space saving.

HIDDEN SEALING SYSTEM

The GROHE SmartControl Concealed has an integrated sealing system, completely eliminating water behind the wall.

SYMBOLS CAN BE CHANGED

The control knobs come with a range of different symbols, representing the different shower options. These symbols are clear and recognisable and their functionality distinct. They can be individually configured and also easily exchanged if required.

GROHE THERMOSTATS

PRECISION CONTROL FOR A RELAXED SHOWERING EXPERIENCE.

As our benchmark when constructing GROHE thermostats we used the most sensitive thermometer around – your skin. The revolutionary thermostats in our Grohtherm range ensure that hot and cold water will touch your skin in exactly the proportions you desire. GROHE TurboStat is a revolutionary technical feature – it provides the correct shower temperature in seconds and keeps it constant. The many elegant design features in these miniature technological marvels are wonderfully innovative.

COMFORT, SAFETY, SAVINGS

We've all been there before. You've just stepped into the shower when someone else in the house either turns on a faucet or flushes the toilet; suddenly the temperature of your shower plummets or becomes scalding hot – leaving you with soap in your eyes as you try to manually adjust the temperature back to a comfortable level. Install a GROHE thermostat and you can be sure of a safe and enjoyable showering experience every time.

USER-FRIENDLY FEATURES

Our thermostats also feature a SafeStop button, to prevent children from turning up the temperature and scalding themselves, and an EcoButton to reduce water usage by up to 50%. Our EasyLogic controls are intuitive to use and cater to the entire family, whatever their height, while the AquaDimmer allows you to turn the water on and off, adjust the flow rate and divert between two water outlets, e.g. hand shower and bath spout.

GROHE COOLTOUCH

SAFETY FIRST WITH 100% GROHE COOLTOUCH.

GROHE's CoolTouch technology ensures that the entire outer surface never exceeds your preferred shower temperature. By designing our thermostats to include an innovative cooling channel, we have created a barrier between the hot water and the chrome surface – so it's never too hot to handle. On top, Grohtherm SmartControl, 3000 and 2000 feature GROHE CoolTouch wall unions to perform 100% GROHE CoolTouch for safety surround. This safety measure is especially useful for children, who can not always judge whether something they touch is dangerously hot.

GROHE CoolTouch safety housing with water cooling

GROHTHERM SMARTCONTROL

TURN UP THE VOLUME – OR DOWN IF YOU PREFER

GROHE SmartControl offers not just a choice of shower sprays, but also the precise control of water flow. GROHE SmartControl features an integrated volume control for an individual shower experience. A simple push of a button starts or stops the desired shower.

And just a turn of the dial allows for precise control of water volume. Thanks to the clear symbols on the buttons, operating them is simple and intuitive.

GROHTHERM TWO-HANDLE CONCEALED THERMOSTATS

SWITCHING SPRAYS?

YOU CAN DO IT WITH YOUR EYES SHUT

Our new thermostats with conventional operation are anything but conventional themselves. We designed them to be as user-friendly and intuitive as possible. Turn on the hand shower by rotating the upper control button slightly to the left. To increase the water flow and obtain a more powerful spray, simply keep turning the button further to the left. And to switch over to the head shower head, turn the control button towards the right.

Continue turning to the right to turn up the volume. Also available as 1-function model to operate a single shower or 2-function model for shower and bath fill operation.

GROHE SMARTCONTROL

THINK OF A SHOWER. ISN'T IT SIMPLY WATER DROPLETS FALLING DOWN? IT'S HARDLY ROCKET SCIENCE.

And yet what GROHE SmartControl does with water has to be felt to be believed. It elevates the simple shower to a whole new shower experience that seems to have been made for you alone.

The intelligence of GROHE SmartControl lets you rediscover the element of water: you can surround yourself with fat, lazy droplets like a summer rain or lend form to the water to massage and soothe away the day. Turn the volume all the way up for a deluge or down to deliver a fine spray. Or choose the right degree of warmth for every water drop. All at the touch of your finger.

GROHE SMARTCONTROL – TOMORROW'S WAY TO SHOWER.

GROHE SMARTCONTROL
YOU'RE ONE STEP
AWAY FROM A
STUNNING SHOWER
EXPERIENCE

3 WAYS TO PLAN YOUR IDEAL SHOWER MOMENT

So that you can create your perfect shower, GROHE offers you three different ways to go about it – giving you maximum freedom to plan and to enjoy. Whether you are thinking

of a simple makeover or want to completely redesign your shower area, GROHE has a range of installation solutions to suit all your needs.

01

SMARTCONTROL EXPOSED

GROHE SmartControl Exposed, combined with the striking Rainshower head shower and shower rod, can be installed with a minimum of fuss for a maximum of effect.

02

SMARTCONTROL COMBI SHOWER SYSTEM

The “exceeded” solution – no visible shower rod – just the impressive Rainshower 360 head shower and GROHE SmartControl.

03

SMARTCONTROL CONCEALED

Reduce to the max. GROHE SmartControl Concealed is installed behind the wall for a clean, minimalistic look and more freedom of space.

OUR HEADS ARE FULL OF IDEAS – FOR MORE SHOWER ENJOYMENT

WHEN YOU STEP INTO YOUR SHOWER WE WANT YOU TO ENJOY ALL THE VARIETY THAT WATER HAS TO OFFER.

That's why our head showers give you the choice of different spray types. And thanks to GROHE SmartControl, you can enjoy more than one spray at once. Try combining the GROHE PureRain spray with the stimulating TrioMassage. Or switch to the hand shower with the push of a button. Everything is possible, all is enjoyment. With its intuitive buttons, GROHE SmartControl gives you all you need to be completely in your element.

01

GROHE SMARTCONTROL EXPOSED

ALL WILL BE REVEALED:

Perhaps you have long dreamed of turning your old shower into a wonderful shower experience. If you are planning a new bathroom or a renovation, GROHE SmartControl Exposed is an ideal solution. The wall mounted GROHE Rainshower SmartControl shower system makes fitting a simple matter – but the result is all the more stunning.

Available in two different versions, Duo with three SmartControl buttons, two head shower jets plus hand shower and Mono with two SmartControl buttons, a one-spray head shower and hand shower, the design of the GROHE SmartControl shower system includes an integrated shelf that offers space for shampoo and shower gel.

The many features of GROHE SmartControl – from the intuitive use of the SmartControl buttons, perfect volume and temperature control to a choice of finish for the shower heads – guarantee more pleasure under the shower.

GROHE SMARTCONTROL COMBI SHOWER SYSTEM

THE BEST OF BOTH WORLDS:

Flexibility best describes the benefits of choosing the GROHE SmartControl Combi shower system, offering as it does a range of different installation options and also a range of possible combinations.

This means for example, that you are free to position the thermostat either vertically under the showerhead or if you choose, away from the central axis – or even on one of the side walls of the shower. Flexibility also extends to the way you can combine the thermostat with other GROHE head, hand or body showers, creating your own personal shower experience. In addition you have the option of turning your bath into a shower – by combining the SmartControl thermostat with a bathtub inlet and a hand shower.

Like the GROHE SmartControl Exposed, the “exceeded” solution is also available in the versions Duo and Mono and also offers shelf space for shampoo and shower gel. With the GROHE SmartControl Combi shower system, the piping runs within the wall, connecting the SmartControl thermostat and the head shower. No shower rod means that cleaning is effortless – just one more of the pleasures you can expect from the GROHE SmartControl Combi shower system.

GROHE SMARTCONTROL CONCEALED

THE NOT-SO-HIDDEN BENEFITS:

Space – we'd all like to have more of it, especially in the shower area, where it is often in short supply. So when you have the luxury of planning your shower from scratch, then GROHE SmartControl Concealed is a wonderful option. With its concealed installation and exceedingly slim design, GROHE SmartControl Concealed offers more space under the shower and an uncluttered clean look.

Freedom of design too: GROHE SmartControl Concealed also offers a number of design variants. A wide selection of suitable trim sets – available in both round and square forms – and showers ensures that the style chosen for the bathroom extends seamlessly into the shower area. It also offers additional benefits of a practical kind: cleaning becomes faster and more convenient, thanks to the flat, streamlined design.

Of course GROHE SmartControl Concealed also offers the many features shared by GROHE SmartControl Exposed and the GROHE Combi shower system: from precise and intuitive volume and temperature control, to your choice of showers sprays at the touch of a button.

GROHE SHOWERS

REVITALISE YOUR BODY, MIND AND SOUL WITH AN EXHILARATING SHOWER.

Create your personal hydrotherapy shower and use all the physical properties of water to create a new sensation every day. Large or extra-large; fitted flush to the ceiling or wall mounted; GROHE showers come in all shapes, styles and sizes – each one designed with your satisfaction and enjoyment in mind.

A gentle Rain Spray for rinsing off soap or a body scrub, a focused Jet Spray to help relax tense muscles or a soft and soothing Champagne Spray. With GROHE showers the choice is at your fingertips. Increase the hydrotherapy level and experience three-dimensional showering. Our adjustable side showers can be calibrated to place more pressure between your shoulder blades and slightly less on your lower back – your in-shower massage service.

GROHE SHOWERS

German innovations have always been a driving force behind the success of GROHE showers. Rainshower, Power&Soul, Euphoria and Tempesta are made in GROHE's shower factory in Lahr, in Germany's Black Forest. GROHE has been producing its innovative showers and shower engines in Lahr since the late seventies. Each GROHE shower therefore benefits from the wealth of the company's accumulated shower knowledge.

From injection moulding, welding and galvanising of plastic components to assembly, quality inspection and packing – proven expertise and diligent work at every stage of the process are key to the high quality of GROHE showers. This is what the GROHE factory in Lahr is all about – for the benefit of consumers around the world.

GROHE SHOWERS THE SPRAYS

RAIN SPRAY

Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

GROHE RAIN O² SPRAY

A soft, smooth spray based on our original Rain Spray. Water drops are infused with air for a wide and fuller spray.

ACTIVERAIN SPRAY

Innovative spray to loosen up tense muscles or rinse shampoo out of your hair.

SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

JET SPRAY

A focused circular spray, which delivers a refreshing burst of water. Ideal for stimulating the skin or simply cleaning the bathtub or shower.

PURE SPRAY

The name says it all. A soft stream of pure water delivered from the centre of the shower head – reminiscent of a fresh, mountain spring.

ENJOY VARIETY – REJUVENATION OR RELAXATION?

Our unique design distributes the same amount of water to each and every nozzle, resulting in an even spray. So whatever pattern suits your mood – Normal, Champagne spray, Pure, Jet, Rain or Massage – you're guaranteed

that it will be an all-over exhilarating experience. The new sprays, GROHE PureRain spray, GROHE Bokoma spray and ActiveRain spray, are just the latest examples of GROHE DreamSpray technological innovation.

MASSAGE SPRAY

A pulsating spray pattern for a stimulating massage. Gives a unique and invigorating all-over massage.

BOKOMA SPRAY

Eight dynamic spray nozzles create a 'breathing' effect, recreating the tension-relieving sensation of a fingertip massage.

TRIOMASSAGE SPRAY

The combination of the renowned Bokoma spray and two Massage sprays gives you a head and shoulder massage in one combined spray.

WATERFALL SPRAY

An extra wide spout creates the sensual pleasure of a waterfall in your own bathroom.

DRIZZLE SPRAY

Revitalizing cool water mist acts like a fresh sea breeze.

CHAMPAGNE SPRAY

Enriched with air for bigger and softer water droplets. More air means that less water is required when using this fulfilling and gentle spray pattern.

GROHE STICK SHOWERS

MINIMALISM IS AN ONGOING TREND IN THE BATHROOM.

GROHE stick hand showers and shower sets are perfect for installing next to the bathtub, in a minimalist, tailor-made shower, or just as a shower set to enjoy a refreshing GROHE shower in today's stylish bathrooms.

All GROHE hand showers feature an inner water guide that prevents the radiant GROHE StarLight chrome finish from cracking and ensures it's never too hot to handle. This is a real plus when using very hot water to clean the bath.

EUROSTYLE INSPIRED BY NATURE

The bathroom should be a place where you can feel nature with all your senses. A place that reflects your sensuality and blends with your own nature. The GROHE Eurostyle turns this intuition into reality. The organic design and natural aesthetic are both pleasing to the eye and a joy to use. The result is a relaxed atmosphere where you can enjoy peace and instinctively feel at home, in a totally natural way. How inspiring.
