

Signature™ Collection  
Heralding a  
New Era

# A Reflection of Sense. An Expression of Style.

Born from a medley of geometrical shapes, pillowed surfaces and defined edges, the Signature™ Collection is a modern showcase of the brand's three design signature elements: **Frame**, **Pillow** and **Line**.

A culmination of **Frame** and **Pillow** forms **Superellipse**, a geometric element that extends throughout the entire collection from basins, fittings, toilets to vanities.

The Signature™ Collection with its sleek and stylish basin faucets have been hand-polished to achieve a sophisticated look and the inviting pillow curves. An unprecedented level of detailing in every fitting. Look no further for the best of design and style - Signature™ Collection is here for good.

## Pure Simplicity of Form.

The iconic geometrical shape translates elegantly into the soft curves of the Signature™ Collection. This design is as much as a breakthrough as an engineering marvel when we materialize the curves into our collection with precision and durability.

## Soft Minimalism.

Experience the true engineering superiority of Signature™ Collection. With smooth curved joints and seamless finishing, there is no compromise on design and functionality.

## Form and Function.

Signature™ Toilet embodies the essence of functionality and simplicity of form. Soft-touch push button and **CrystaSleek** toilet seat and cover for that sleek look. And **HygieneClean** System to keep your toilet safe, clean and stain-free with **SiphonMax** flushing, **ComfortClean** and **Aqua Ceramic**.

## Humanizing Technology.

Evolving from this design fundamental, user-centric technologies and features are incorporated into the collection for the ultimate comfort experience. With **Comfort Angle** and **ComfortMove**, you can expect smooth and precise handle movement. Each piece is meticulously hand-polished to perfection to complete the look.
