## SANITARY WARE SPECIFICATION SHEET

#### Components & materials:

- Base in aluminium, 3 mm thick, with 4 Ø 8 mm holes for wall mounting.
- Fire resistant plastic UL 94-VO fan scroll.
- · Universal brush motor, 5.500 rpm, F class, which includes a safety thermal cut-off.
- Aluminium centrifugal double symmetrical inlet fan wheel.
- Waved wire NiCr heating element on a mica frame that incorporates a thermal cut-off.
- 360° Nozzle in chrome plated Zamak.
- Push-button in chrome plated Zamak, that activates an electromechanic timer with a 35 second cycle.
- 4 silent blocks to eliminate vibrations.

#### Operation

Note:

Press the push-button to initiate the drying process, place the hands under the rotating nozzle into the air outlet and rub them together. The dryer will go on with no interruption for 35 seconds.

#### Mounting (Recommended heights distance from the floor)
