SANITARY WARE SPECIFICATION SHEET

TAKE THE TEMPERATURE

The control of your faucet is completely in your hands with GROHE Plus, thanks to its innovative LED temperature display. Always know how hot or cold the water from the faucet is, moment to moment, thanks to the LED display on the top of the faucet, giving you increased control and comfort for the bathroom. For at-a-glance information, the temperature reading is also color-coded – blue for cold and red for hot – tracing a beautiful gradient. But when the flow stops, the clever display disappears again, leaving the immaculate appearance of the faucet unchanged.

A GENTLE, WATER-SAVING SPRAY

The Eco Spray function, delivering a sustainable 4L/min, can be switched to effortlessly at any time. Simply swipe your hand in front of the lit icon to reduce water usage without compromising your comfort or enjoyment. The gentle, soothing spray is gentle on your hands and, combined with the swivel spout, is also perfect for cleaning the sink.

GROHE PLUS

ACCURACY THAT GOES BEYOND DESIGN

Imagine a bathroom that offers not just sleek, cutting-edge, bold design, but also confidence and control. Where you can tell water temperature at a glance and switch water flow with just a swipe of your hand. A room where nothing is left to chance, where form delivers function in a sleek, tactile package. With the new GROHE Plus you can make it a reality.

This innovative range puts control and convenience in your hands, delivering accurate temperature information at a glance. The GROHE Plus range includes some faucets with a temperature display, so you know the water will always be just the right temperature. GROHE Plus also offers a new level of ergonomic comfort and practical function too, presented in a silhouette of architectural strength and elegance, with surfaces so sleek they invite interaction.

THE FLEXIBLE SPOUT

Enjoy greater user comfort and flexibility thanks to a 90° swivel spout. Turning smoothly to left and right, the swivel spout adds a whole new level of convenience, allowing you the space to wash your face or soap your hands unhindered.

The push-open pop-up waste – fingertip operation

Elegance and simplicity – the push-open pop-up waste is opened and closed with an effortless push

GROHE EcoJoy with water-saving function for reduced consumption

GROHE EcoJoy reduces water consumption by up to 50% without compromising on performance. Whenever you turn on your tap, you will enjoy a full jet of water while saving money nonetheless.
