RAIN SPRAY

Wide and luxurious – a soft, delicate pattern to soothe the skin. Mimicking warm summer rain, the spray provides a full and even coverage.

GROHE EcoJoy with water-saving function for reduced consumption

GROHE EcoJoy reduces water consumption by up to 50% without compromising on performance. Whenever you turn on your tap, you will enjoy a full jet of water while saving money nonetheless.

GROHE DreamSpray for luxurious showering

The GROHE DreamSpray technology turns your daily shower into a luxuriously relaxing experience. The advanced engineering of the shower head ensures a balanced flow of water from all nozzles, whatever spray pattern you choose.

GROHE CoolTouch – never too hot to handle

Thanks to the GROHE CoolTouch technology, the temperature of the tap body will never exceed your shower temperature. Engineered with an integrated cooling channel separating the hot water supply from the outer surface of your thermostat, it is always safe for you to handle. This feature is especially important to protect children from scalding on hot tap surfaces, making your bathroom safely enjoyable for the whole family.

Easy to clean thanks to the GROHE StarLight chrome coating

Just wipe the tap down with a dry cloth – the ultra smooth surface finish is scratch resistant and ensures a lasting luminous sheen. You'll save plenty of time cleaning while your tap always looks shiny and new.

SpeedClean: easy cleaning thanks to silicone nozzle

Indeed, the name says it all: with the SpeedClean technology, you'll have limescale removed from the spout in the blink of an eye thanks to a nozzle made of silicone. A quick wipe with your fingers is all it takes to remove any limescale deposits, saving you a lot of time and effort!
