SMARTRAIN SPRAY

All the features and benefits of our authentic Rain spray but with a reduced flow. A smart pattern that uses less water to deliver full showering enjoyment.

GROHE DreamSpray for luxurious showering

The GROHE DreamSpray technology turns your daily shower into a luxuriously relaxing experience. The advanced engineering of the shower head ensures a balanced flow of water from all nozzles, whatever spray pattern you choose.

SpeedClean – no limescale build-up on your shower head

Limescale is no longer an issue with our SpeedClean nozzles: thanks to the integrated anti-lime system, you will find the nozzles of your GROHE shower head super easy to clean. To remove any limescale residue from the flexible silicone nozzles, simply wipe them off with your hand.

Coating protected by Inner WaterGuide

A strong insulation of the water guide inside the shower prevents its surface from heating up, so it will never be too hot for you to touch. At the same time, this serves to protect the finish of your GROHE shower, further enhancing its great durability.
