**Approval of "AMERICAN STANDARD" Shower Mixers  
(General Acceptance No. C20190222)**

Your letters ref. WRC/2032 dated 1 February 2019 and ref. C-WSD/0493 dated 11 March 2019 refer.

Having considered the test report ref. J22975 issued on 21 January 2019 by Nutek Systems (HK) Ltd., this Authority accepts that the fittings described below comply with, and their use when correctly installed does not contravene, the Waterworks Ordinance and Regulations.

**Name of Manufacturer:** American Standard  
**Country of Origin:** the Mainland of China  
**Brand:** American Standard  
**Details of Fitting:** 1/2" Wall mounted single lever shower mixer  
**Model:** CF-1322.709.50  
WF-1322.709.50  
**Body Markings:** *American Standard*  
**Expiry Date:** 3 July 2023

This Authority hereby permits the use of the above fittings in fresh water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following requirement-

"The cold water supply to the fittings shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply." AND

"The shower head or handspray should not be placed in submerged conditions and should be securely fixed to the original position after use."

A condition of this acceptance is that the fittings to be installed shall be replicas of the samples as certified by the testing agent mentioned above and without modifications. This acceptance may be withdrawn at any time if the standard of the fittings installed fails to meet that of the approved samples or if the fittings are found to be unsuitable for use in fresh water plumbing systems.

This acceptance is only applicable to the main body of the fittings, unless otherwise specified.

For the use of the fittings in any project, the General Acceptance Number of this letter must be quoted as a means of identification of acceptance of the fittings by this Authority.

Should you have any enquiries, please contact our Engineer Mr. Terry KUNG at tel. no. 3583 4086.

Yours faithfully,

(CHAN Chung-kun)

for Director of Water Supplies
