## SANITARY WARE SPECIFICATION SHEET

### Cygnat

#### Collection

Inspired by the warmth and love of family life, the Cygnat collection displays thoughtful elements designed for family comfort in mind. Apart from soft minimalism, the height of the Cygnat toilet is raised to accommodate the needs of the elderly, pregnant members or the disabled. A perfect choice for families who want the bathroom to be a comfortable and inviting place for all.

#### Comfort Solution Seat

- Top Fixed & Quick Release
- Slow Closing Seat & Cover
- Comfort Seat

#### Raised Height

The bowl of toilet is designed for 43.5 cm tall which matches with the height of regular chair making all family members feel more comfortable especially elderly people.

#### Anti-bac

Anti-bacteria additive, added into the bathroom products, are safe for human beings and inhibits the bacteria for a long time. Its anti-bacteria effectiveness lasts as long as the lifetime of the product.

#### Water Saving

Alternatives for 3 or 4.5 liters flushing for a toilet

### Approval of "WDI" Float Operated Valve (General Acceptance No. C20200498F)

Your letters ref. BE/L20319/20 and BE/L20359/20 dated 15 April 2020 and 22 May 2020 respectively refer.

Having considered the test report ref. RACA059r1 issued on 19 May 2020 by Ideal Test Consultants Ltd., this Authority accepts that the fitting described below complies with, and its use when correctly installed does not contravene, the Waterworks Ordinance and Regulations.

**Name of Manufacturer:** WDI (Xiamen) Technology Inc

**Country of Origin:** the Mainland of China

**Brand:** WDI

**Details of Fitting:** 1/2" Plastic float operated valve

**Model:** B3800E

**Body Markings:** WDI

**Expiry Date:** 25 March 2025

**Proviso:** As the fitting has not been tested for use in contact with water intended for human consumption, the fitting can only be used in flushing water plumbing system.

This Authority hereby permits the use of the above fitting in flushing water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following requirement-

"The flushing volume of the flushing valve should be adjusted to suit the design of the toilet bowl so that wastes can be cleared effectively by a single flush."

"The fitting should be used within the range of working pressures specified by the manufacturer." AND

"The installed fitting should not result in backflow of water that will contaminate the flushing water supply."

A condition of this acceptance is that the fitting to be installed shall be replicas of the sample as certified by the testing agent mentioned above and without modifications. This acceptance may be withdrawn at any time if the standard of the fitting installed fails to meet that of the approved sample or if the fitting is found to be unsuitable for use in flushing water plumbing systems.

For the use of the fitting in any project, the General Acceptance Number of this letter must be quoted as a means of identification of acceptance of the fitting by this Authority.

Should you have any enquiries, please contact our Engineer Mr. Terry KUNG at tel. no. 3583 4086.

Yours faithfully,

(CHAN Chung-kun)

for Director of Water Supplies
