Dynamic flow pressure (kPa)	50	150	250	350	500
Flow rate (l/min)	3.30	5.70	6.40	6.60	7.23

Technology and flexibility bring showering perfection with the Spectra+ eTouch™ 4-Function shower head from American Standard. This amazing shower head has touch-control that allows you to easily switch between different spray patterns throughout your shower. In addition to the touch control on the shower head itself, a convenient wall-mounted remote can be placed anywhere in your shower, allowing you to change spray patterns at the touch of a button. With four separate spray patterns including Drench, Sensitive, Jet, and Massage, it's easy to find a spray pattern to fit your needs.

- Easy-to-use eTouch wall-mounted remote allows you to change the spray pattern with the touch of a button
- Change the spray pattern of your shower head with a simple touch of the edge of your Spectra eTouch™ shower head
- 4-Function shower head with different spray patterns to fit a variety of needs
- Drench provides a soaking spray with full body coverage
- Sensitive is a fine spray that is soft and gentle on the skin
- Jet provides a targeted spray
- Massage brings a pulsating spray to help you unwind and relax

\* All information of the above is for reference only. No prior notice is made if any changes.

## For Remote

**Note: Shower Head is not restricted to a specific remote.**

- If the touch function on the shower head is still working, then that is the indication that the battery for the remote needs to be changed.
- Replace batteries in battery holder with Qty (1) 3v Lithium cell.
- Pull Remote Face (1) to separate the Remote Base (3) from Remote Face (1). Unthread Cover (2) by turning counter clockwise. Push Spring (5) back to release the battery.
- Once the battery is replaced, Thread Cover (2) by turning it clockwise. Install Remote Face (1) back onto Remote Base (3), making sure that knob (4) aligns with the Remote Base (3).
- Battery lifetime is approximately 5 year under normal use.

- Easy Clean Spray Nozzles simplifies the cleaning process for your shower head
- Touch function allows you to switch between spray patterns with a simple touch of the shower head
- 4-Function shower head with different spray patterns to fit a variety of needs
- Drench provides a soaking spray with full body coverage
- Sensitive is a fine spray that is soft and gentle on the skin
- Massage brings a pulsating spray to help you unwind and relax
- Jet provides a targeted spray

1. Before the installation, please confirm that the shower arm has been installed correctly (Their installation please refer to the installation themselves).
2. The shower arm, advise to purchase American Standard brand, reference model number: FFAS9916-000500BC0 or FFAS9916-000500BF0, etc.

1. 安装花洒前，确认花洒壁管已安装好（如下图）。（其具体安装请参考相应的说明书）
2. 花洒壁管，建议购买美标牌，参考型号：FFAS9916-000500BC0或FFAS9916-000500BF0等。

## BATTERY NEEDS REPLACEMENT:

### For Shower Head

- When battery is low, the shower head will switch to the drench function and touch and/or remote function will stop working.
- Push Button (1) forward and pull the tray out. Replace the batteries and place the tray back in. (Note: Make sure to push the tray in until you hear a click.)
- Replace batteries in battery holder with Qty (3) AA alkaline type batteries.
- Always change all 3 batteries. Failure to replacing all 3 batteries at the same time may cause electronics to not work properly.
- Battery lifetime is approximately 5 year under normal use.

### Approval of “AMERICAN STANDARD” Shower Mixer (General Acceptance No. C20240162)

Your E-Application [file-id: ETJ-GA-20240208-14] dated 15 February 2024 refers.

Having considered the test report ref. 222320PC220210 issued on 26 October 2022 by Fugro Technical Services Limited, this Authority accepts that the fitting described below complies with, and its use when correctly installed does not contravene, the Waterworks Ordinance and Regulations.

**Name of Manufacturer:** Jiangmen LIXIL AS Sanitary Fitting Manufacturing Co Ltd

**Country of Origin:** the Mainland of China

**Brand:** American Standard

**Details of Fitting:** 1/2" Single lever shower mixer

**Model:** CF-0722.709.50

**Body Markings:** *American Standard*

**Expiry Date:** 26 September 2027

This Authority hereby permits the use of the above fitting in fresh water plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following requirement-

"The cold water supply to the fitting shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply." AND

"The shower head or handspray should not be placed in submerged conditions and should be securely fixed to the original position after use."

A condition of this acceptance is that the fitting to be installed shall be replicas of the sample as certified by the testing agent mentioned above and without modifications. This acceptance may be withdrawn at any time if the standard of the fitting installed fails to meet that of the approved sample or if the fitting is found to be unsuitable for use in fresh water plumbing systems.

This acceptance is only applicable to the main body of the fitting, unless otherwise specified.

For the use of the fitting in any project, the General Acceptance Number of this letter must be quoted as a means of identification of acceptance of the fitting by this Authority.

Should you have any enquiries, please contact our Engineer Mr Albert CHOW at tel. no. 3583 4086.

Yours faithfully,

(Terry KUNG)

for Director of Water Supplies
