<p>Descriptions</p> <p>Sleek design and color choices match modern restaurant design and décor. Constructed of seamless, solid HDPE plastic, which is more durable and sanitary in comparison to standard wood high chairs. Textured surface resists scuffing, chipping and scratching. There are no crevices or seams for food to collect. Chair has a small footprint in the dining area and is stackable as a space saver. Table height chair allows a seated child to eat off a standard restaurant table without the need for a tray. Curved design reduces potential liability by preventing chair from being turned upside down and used unsafely to balance an infant carrier. Meets the ASTM F404-18 and EN High Chair Standards. TUV Certification.</p> <p>Product Details:</p> <ul style="list-style-type: none"> •Modern design and appealing color palette integrates into a variety of restaurant decors. •Chairs can stack four high for easy storage and space savings. •Available assembled (KB105) or unassembled (KB105-KD) •ASTM and EN Compliant •TUV Certified 		
 <p style="text-align: center;"> KB-105-01 Grey KB-105-02 Black </p>
