Materials & components <ul style="list-style-type: none"> PR2783: steel, 0.8 mm thick, white epoxy finish. PR2783C: stainless steel AISI 304, 0.8 mm thick, bright finish. PR2783CS: stainless steel AISI 304, 0.8 mm thick, satin finish. PR2783B: steel, 0.8 mm thick, black epoxy finish. One-piece body, 0.8 mm thick, round $\varnothing 250$ mm, fully sealed and with a catch system to prevent the opening of the door. The supports of the screws in the back of the appliance, are acting as an anti-moisture support, as well as slots to avoid the screws damaging the toilet paper. It is mounted on the wall by means of 3 wood screws with their corresponding 5 mm wall plugs. It includes a lock system with standard mediclinics® key, that allows opening the lid for replenishment. PA6 plastic shaft, for standard $\varnothing 45$mm paper rolls tube, with inertial anti-spin retainer. This shaft is removable with 2 different positions to allow variety of paper rolls. It also allows the use of a standard paper roll in case of need. One-piece seamless lid, 0.8 mm thick, fully sealed. Fixed to the body by means of rivets that allows swinging down of the lid for the replenishment. Slot at the front with a plastic viewer that indicates the content level. Back-plate, 0.6 mm thick, with multiple slots for easy installation. Total compatible with PR0783... series.
